Born January 24th, 1999

Work Experience

March 2020 – June 2020

Curricular Internship

Università degli Studi di Bari Aldo Moro

Apprenticeship at Collaborative Research Group:

- Development of a text classifier for documentation decluttering for Java source code. Use of NLP techniques and Supervised Learning.
- Supervisors: Prof. Nicole Novielli

October 2021 – July 2022

Research Assistant

Università degli Studi di Bari Aldo Moro

Research Assistant at Collaborative Development Research Group:

- "Realizzazione di classificatori per il riconoscimento delle emozioni tramite analisi del linguaggio naturale" (Development of classifiers for emotion recognition through NLP)
- Supervisors: Prof. Filippo Lanubile, Prof. Nicole Novielli

March 2022 – May 2022

Master Curricular Internship

Università degli Studi di Bari Aldo Moro

Apprenticeship at Collaborative Development Research Group:

- Development, implementation and evaluation of a supervised classifier for issue label classification for automatic classification of Github issues. Use of state of the art models for text classification, included pre-trained language models such as BERT.
- Supervisors: Prof. Filippo Lanubile, Prof. Nicole Novielli

Education

2017 – 2020

Bachelor Degree in Computer Science

Università degli Studi di Bari - Dipartimento di Informatica

- Bachelor degree (3 years)
- Informatica
- Thesis title : Development of a text classifier for documentation decluttering
- Mark: 110 cum laude
- Degree date: July 20th 2022
- Supervisors: Prof. Nicole Novielli, Prof. Pierpaolo Basile

2020 – 2022

Master Degree in Computer Science

Università degli Studi di Bari - Dipartimento di Informatica

- Master degree (2 years)
- Computer Science - Artificial Intelligence
- Thesis title: Issue Report Classification Using BERT
- Mark: 110 cum laude
- Degree date: July 15th 2020
- Supervisors: Prof. Filippo Lanubile, Prof. Nicole Novielli

November 2022 – Present

National PhD in Artificial Intelligence, AI for Society

Double affiliation, Università degli Studi di Pisa and Università degli Studi di Bari Aldo Moro

- Project: "Design and Assessment of Human-Centered AI System"
- Supervisors: Prof. Nicole Novielli, Prof. Filippo Lanubile

Publications

- 2020 **Leveraging Textual and Non-Textual Features for Documentation Decluttering**
G. Colavito, P. Basile and N. Novielli, 2020 IEEE International Conference on Software Maintenance and Evolution (ICSME), 2020, pp. 862-863, doi: 10.1109/IC-SME46990.2020.00113.
- 2022 **Lexicon Enriched Hybrid Hate Speech Detection with Human-Centered Explanations**
M. Polignano, G. Colavito, C. Musto, M. de Gemmis, G. Semeraro. In: UMAP '22 Adjunct. Barcelona, Spain: Association for Computing Machinery, 2022, pp. 184–191. (DOI: 10.1145/3511047.3537688)
- 2022 **Issue Report Classification Using Pre-trained Language Models**
Colavito, G. and Lanubile, F. and Novielli, N., Intl. Workshop on Natural Language-based Software Engineering (NLBSE 2022), co-located with ICSE 2022, Pittsburgh, USA, May 8 2022. (DOI: 10.1145/3528588.3528659)
- 2023 **Few-Shot Learning for Issue Report Classification**
Colavito, G. and Lanubile, F. and Novielli, N., Intl. Workshop on Natural Language-based Software Engineering (NLBSE 2023), co-located with ICSE 2023, Melbourne, Australia, May 20 2023.

Talks

- September 29th 2020 **ICSME 2020, co-located with ICSE 2020**
I presented the "Leveraging Textual and Non-Textual Features for Documentation Decluttering" paper during the DocGen2 workshop, at the IEEE International Conference on Software Maintenance and Evolution (ICSME) 2020, co-located with ICSE 2020
- May 8th 2022 **NLBSE 2022, co-located with ICSE 2022**
I presented the "Issue Report Classification Using Pre-trained Language Models" paper during the International Workshop on Natural Language-based Software Engineering (NLBSE) 2022, co-located with ICSE 2022
- May 20th 2023 **NLBSE 2023, co-located with ICSE 2023**
I presented the "Few-Shot Learning for Issue Report Classification" paper during the International Workshop on Natural Language-based Software Engineering (NLBSE) 2023, co-located with ICSE 2023
- July 12th 2023 **SATToSE 2023**
I presented a summary of my work on Issue Report Classification using Pre-Trained Language Models and Few-Shot Learning, during the 15th Seminar on Advanced Techniques & Tools for Software Evolution (SATToSE)

Schools

- June 5th - 9th 2023 **9th International Spring School on Deep Learning (DeepLearn)**
Organized by the University of Bari, Universitat Rovira i Virgili, and IRDTA.
- June 5th - 9th 2023 **2nd AI & Society Summer School**
Organized by the National PhD Course in Artificial Intelligence.
- June 12th - 15th 2023 **16th International Summer School on Software Engineering (ISSSE)**
Organized by the University of Salerno.

Personal skills

- Coding** C, C++, Java, Haskell, Prolog, Python and scientific packages(Pandas, NumPy, sklearn, Tensorflow, PyTorch)

Machine Learning	Supervised and Unsupervised Learning, Neural Network Architectures, Natural Language Processing, Sentiment Analysis, Computer Vision.
Databases	Cassandra, MySQL, Neo4j, Oracle
Developing environments	Git, GitHub, PyCharm, Anaconda, Jupyter Notebook, Google Colab, Visual Studio Code, IntelliJ IDEA
Spoken languages	English (Professional) <ul style="list-style-type: none"> • Level B2 certification issued by the teacher responsible for the English language courses for the Degree in Computer Science of the University of Bari. Italian (Native)
